Lumen Ridge Orchard Co-op: 2025 Annual Report

This is a fictional report created for software testing.

The co-op has 42 member farms across the Lumen Valley.

Our mission is low-water fruit growing.

Harvest Results

Total apple harvest in 2025 was 1,870 tonnes, up 12 percent on 2024.

The best-performing variety was Copperleaf, with 640 tonnes.

Pear output fell to 210 tonnes because of a late frost in April.

Water and Sustainability

Drip irrigation now covers 88 percent of orchard area.

Water use per tonne fell from 410 to 350 cubic metres.

The co-op aims for 100 percent drip coverage by 2027.

Finance

Revenue was 3.4 million credits; operating costs were 2.9 million credits.

The board approved a new cold-storage building costing 600,000 credits.

Treasurer: Mira Okonkwo-Hale.
